CONGREGANTS

The delegates to the conference came from the following Churches within Northern and Muchinga Provinces:

Mpika, Mulobola, Ntumpa, Mporokoso Boma, Buyantanshi, Temba
Chewe, Lupansa, Ming'omba, Luli, Mutonsha, Nkupa, Bulaya, Mibanga

THEME FOR 2025

The Ministry theme for the year 2025 comes from Psalm 46 v 10 and it reads: "...Be still and know that I am God." This Mission was run under the same theme. With this theme, the Ministry has experienced tremendous miracles and spiritual growth

THE CONFERENCE

The conference was held from 18th to 23rd August 2025. About 600 people attended the conference. In the conferences, the word of God was preached. The main topics covered included the cross, spiritual warfare, prayer, evangelism, giving, the Word of God, and many more. Altar calls for salvation and prayer were often called. Prayer lines were often over two hundred people. The Ministry team would pray for the people. Many were delivered of demonic oppression. Many others too were healed of a variety of diseases.

There were many testimonies, but the following stood out:

- a) A woman who had been prayed for in a crusade of the previous year with a very difficult pregnancy presented her baby to the conference. The husband testified that his relatives had discouraged him from taking his wife to the prayer meetings in preference to taking her to a witch doctor. His answer had been, "If my wife will die, let her die at the prayer meeting." She did not. Instead, a bouncy baby was the result.
- b) The local Pastor's child was admitted to hospital on our first day of conference. He was so sick that he was placed on oxygen. We raised our voices before the Lord and the following day he was off oxygen and was playing.
- c) A woman, who had been sick for a long time, testified of healing and came to the stage to dance with her sisters.
- d) A man who had leg problems and was limping got healed and joined the throng of dancers praising God.
- e) One of our Pastors went to a distant village to pray for a woman who was as good as dead and she came to. To date she is alive.
- f) There were so many deliverance cases that it would not be possible to emulate them. But all of them were delivered and are praising God.

DECISIONS FOR SALVATION

On the various times that we made altar calls, we harvested a total of 136 souls who gave their lives to Jesus Christ as their Lord and Saviour. We continue praying for them to remain and grow in the Kingdom.

BUDGET

The mission had a budget of K77,750 for all logistics for a plan of 300 people. However, upon arrival, the team found that there were 600 people in attendance. This created difficulties although by the Grace of God, we were able to pull through. Consequently, we spent approximately K120,000. We are grateful for the K15, 000 received from our Trustees and a further K10, 000 received from our partners. The local congregations managed to raise five thousand Kwacha and contributed to food in material form. Clearly, there is need to do more in finances to propel the work of God.

CONCLUSION

GITH Ministries praise God for his faithfulness. We saw the power of God at a different level; a higher level. We experienced the presence of God with every passing minute. We saw miracles and healings that left us speechless. The churches have grown both in number and spiritually. We saw a oneness that was beyond description; a love for one another. Overall, the Mission was a success and we glorify God, our Maker for this.

ACKNOWLEDGEMENTS AND THANKS

We give thanks to all those who came through with support; monetary, material and spiritual. May God replenish where all that came from and may they receive their share in the benefits of the Mission, especially the souls that were saved. We also thank all those who hosted us. We are forever grateful to family who released us to go and who always provide and pray for the success of our Missions. May they share in the rewards.

We also express our sincere gratitude to the Trustees who gave us K20, 000 for bicycles. We have since purchased five bicycles for Missions at Manja, Bulaya, Mutonsha, Kamoto, Nkupa and Temba. We were further given another K20, 000 to repair the Senior Bishop's vehicle. It has since been repaired but the braking system is still a problem and needs a few spare parts. May the Lord bless our Trustees greatly.

CHALLENGES

Transport still remains a major challenge. Our prayer is that God gives us a Missions vehicle that could help ferry congregations around as they travel to conferences held in centres other than theirs. We understand that this is a shared ministry and we are unable to do it alone.

Finances also continue to be a problem. We have embarked on farming in the various centres and hope that our financial base will improve. We have also developed a Ministry five-year strategic plan to mitigate the inadequacy of finances. The plan is here attached.

May God bless us all.
