### FUNDRAISING

The Ministry has not done well in this area this year. We are looking forward to the Trustees to come up with more formidable means of fundraising especially for projects and missions. Pledges as well have not been forthcoming. A number of Churches have embarked on farming although the scale is very small. They need to be encouraged.

### LAND ACQUISITION

The Ministry has acquired additional land in Kashitu and the procedure for title deed acquisition is in process. The land is 100 x 60 metres and very suitably located for truck parking. We appreciate all who participated in paying for the land. There will be other expenses related to title acquisition.

### APPRECIATION

We thank God for the opportunity of Ministry and all of You who take part.

Yours Sincerely

Apostle Helen M, Mukumba
